

# 2026

# 3rd Annual Hepato-Pancreato-Biliary Symposium

A full-day medical education event exploring the latest advancements in the diagnosis and treatment of hepato-pancreato-biliary diseases

## Event Details

- Saturday, August 29, 2026
- 7 a.m. to 4 p.m.
- Location: Westin La Paloma, 3800 E Sunrise Dr. Tucson, AZ 85718

## Registration

- Attendings/Practicing Physicians: \$100
- Residents/Fellows, Nurses, and all other HCPs: \$15
- Medical Students: \$15

## Host

Hosted by the Department of Surgery and the University of Arizona Cancer Center

### Taylor Riall, MD, PhD

Professor, Surgery  
Co-Director, Oncology Service Line  
Chief, Division of Surgical Oncology  
University of Arizona

### Faisal Jehan, MD

Clinical Assistant Professor, Surgical Oncology  
University of Arizona

## Objective Outcomes

- Describe the management of locally advanced pancreatic cancer including the role of major vascular resection and radiation.
- Identify patients with locally advanced pancreatic cancer who would be candidates for vascular resection or arterial divestment.
- Discuss treatment options and be able to articulate strategies for sequencing of multimodal therapy in hepatocellular cancer (HCC).
- Describe evolving techniques for the management of colorectal liver metastases including liver transplant, hepatic artery infusion, resection, and ablation.
- Describe the evolving management of gastroesophageal junction and gastric cancers including the role of neoadjuvant therapy and chemoradiation.
- Consider ways to incorporate artificial intelligence to improve patient outcomes in hepatobiliary and pancreatic surgery.

## Keynote Speaker

### Susan Tsai, MD, MHS

Professor, Department of Surgery  
Chief, Division of Surgical Oncology  
The Ohio State University
