Overall Activity Objectives:

- 1 Detect/diagnose fetal cardiac disease with greater accuracy.
- 2 Utilize multidisciplinary teams for prenatal and perinatal management of fetal cardiac disease.
- 3 Incorporate into practice advanced knowledge of cardiovascular and extra-cardiovascular implications of fetal cardiac disease
- 4 Communicate accurately and efficiently between healthcare team members to reach desired outcomes for complex fetal cardiac patients
- 5 Counsel patients with fetal cardiac disease with language that patients and families can understand.

Accreditation Statement:

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The University of Arizona College of Medicine - Tucson and Phoenix Children's .
