Advances in Aging Research Lecture Series 2025

Advances in Aging Research Lecture Series 2025 - 4/14/2025
April 14, 2025 – 12:00 PM
Online

Overall Activity Objectives:

1 Utilize evidence-based geriatric principles of care in health prevention and promotion activities with their older patients.

2 Manage common and complex age-related conditions and geriatric syndromes in their older patients.

3 Employ geriatric principles of care to optimize communications with older patients, including assessment of patient's goals, values and preference.

4 Utilize community-based resources to improve the health and well being of older adults.
