

COM-P Medicine Grand Rounds 2025

Poetic Medicine: A Prescription for Brain Health in Dementia

Patients & Caregivers

April 11, 2025 – 8:00 AM
Other

Overall Activity Objectives:

- 1 Diagnose and manage a wide range of clinical conditions that require primary and specialty care.
- 2 Create and implement optimal patient care plans within the context of our healthcare system.
- 3 Refer patients to specialty providers, as appropriate.
- 4 Apply evidence-based treatment approaches to patient care that will result in improved patient outcomes.
- 5 Reduce the incidence of medical errors.
- 6 Incorporate compassionate care that addresses and improves health inequities.

Session Objectives:

- 1 To introduce the practice/intervention of poetic medicine
- 1 To explore its efficacy for dementia patients, specifically, how it can stimulate memory and improve communication as well as promote the formation of new memories.
- 2 To explore the methodology used in dementia-specific sessions.
- 4 To briefly explore the benefits and application of poetic medicine for dementia caregivers.

Accreditation Statement:

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The University of Arizona College of Medicine - Tucson and University of Arizona College of Medicine - Phoenix.
