Light breakfast will be served.

The Art of Observation and the Observation of Art

Salvatore Mangione, MD, MACP

Associate Professor of Medicine and Associate Residency Program Director in Internal Medicine at
Thomas Jefferson University Sidney Kimmel Medical College

Objectives:

- To enhance the “visual literacy” of participants.
- To improve bedside observation.
- To help participants identify at first glance pathognomonic findings.
- To have them link these findings to artworks that first described them.
- To emphasize the importance of visual-spatial thinking.

This session will be open to clinicians, residents, students, and all others.

Office of Education Coordinator: veronicanundahl@arizona.edu

Accreditation Statement:

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The University of Arizona College of Medicine - Tucson and University of Arizona College of Medicine - Phoenix. The University of Arizona College of Medicine - Tucson is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The University of Arizona College of Medicine - Tucson designates this Live Activity for a maximum of 1.00 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Relevant Financial Relationships Statement(s):

University of Arizona College of Medicine - Tucson Office of Continuing Medical Education adheres to the ACCME's Standards for Integrity and Independence in Accredited Continuing Education. Any individuals in a position to control the content of a CME activity, including faculty, planners, reviewers or others are required to disclose all financial relationships with ineligible entities (commercial interests). The CME office reviewers have nothing to disclose. All relevant financial relationships have been mitigated prior to the commencement of the activity.
