

# PCH Quality Lunch & Learn Series 2025

## Sepsis: Common Cause Analysis - Results & Discussion

May 20, 2025 – 12:00 PM  
Phoenix

### Overall Activity Objectives:

- 1 Apply health quality measurements and standards of care.
- 2 Apply outcome measures to assess the incidence or prevalence of adverse events or preventable death.
- 3 Identify beliefs, attitudes, norms, and values in conjunction with patient thresholds to foster the highest degree of safety culture.
- 4 Create a patient safety environment, including complex interventions requiring variations in individual work routines and healing processes, as well as behavioral changes to be made by the team or individual care providers.
- 5 Treat complex patients with multidisciplinary teams using a combination of managerial solutions and cutting-edge technologies.
- 6 Prevent medical errors and their adverse impacts on patients during the course of medication delivery.
- 7 Perform root cause analysis (RCA) after a patient safety event has occurred.

### Session Objectives:

- 1 Apply health quality measurements and standards of care.
- 2 Apply outcome measures to assess the incidence or prevalence of adverse events or preventable death.
- 3 Identify beliefs, attitudes, norms, and values in conjunction with patient thresholds to foster the highest degree of safety culture.
