

SAVAHCS Clinical Management Conference 2026

Overdose Education and Naloxone Distribution (OEND) in Veterans at High Risk

**August 11, 2026 – 12:00 PM
Online**

Overall Activity Objectives:

- 1 Develop specific anti-coagulation treatment plans that incorporate new anti-coagulation agents for venous thromboembolism.
- 2 Decrease inappropriate use of antibiotics, using order sets and better diagnostic strategies.
- 3 Utilize mind-body principles and whole health strategies to increase treatment responses.
- 4 Decrease narcotic use by incorporating effective non-narcotic pain management techniques.
- 5 Incorporate strategies to counsel and provide care for geriatric populations.
- 6 Identify, counsel, treat, and refer patients with increased risk of suicide.

Session Objectives:

- 1 Identify Veterans at-risk for an overdose involving opioids, offer overdose education and prescribe naloxone.
- 2 Describe the National Clinical Reminder for OEND in stimulant and opioid use disorder.
- 3 Facilitate and practice a team-based approach toward OEND risk mitigation

Accreditation Statement:

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The University of Arizona College of Medicine - Tucson and Southern Arizona Veteran Affairs Healthcare System (SAVAHCS).
