Advances in Aging Research Lecture Series 2026

Advances in Aging Research Lecture Series 2026 - 11/9/2026

November 9, 2026 – 12:00 PM
Online

Overall Activity Objectives:
1 Utilize evidence-based geriatric principles of care in interprofessional health prevention and promotion activities with their older patients.
2 Manage common and complex age-related conditions and geriatric syndromes in their older patients.
3 Employ geriatric principles of inter professional team-based care to optimize communications with older patients, including assessment of patient's goals, values and preference.
4 Utilize community-based resources to improve the health and well being of older adults.
5 Provide the Age-Friendly Health System framework and 4Ms (what matters, mobility, medications and mentation) to improve the health outcomes of older adults
