

Arizona Psychiatry Access Line (APAL)

Grand Round Series 2026

APAL Grand Rounds: PMDD: One Difficult Week, Repeated 500 Times

January 16, 2026 – 12:00 PM
Online

Overall Activity Objectives:

- 1 Initiate treatment for psychiatric concerns in perinatal and pediatric populations.
- 2 Appropriately screen and diagnose psychiatric illness in pediatric and perinatal populations.
- 3 Utilize available resources and referrals to support perinatal and pediatric populations.

Session Objectives:

- 1 Explain the neurobiological mechanisms underlying the cyclical nature of PMDD, including the concept of the danger zone, and discuss how this contributes to cumulative symptom burden across the reproductive lifespan.
- 2 Recognize the core clinical features of PMDD and accurately distinguish PMDD from premenstrual syndrome (PMS) and premenstrual exacerbation (PME).
- 3 Select and implement appropriate evidence-based strategies for managing PMDD in clinical practice.
